

August 7, 2024

To whom it may concern:

Betty & I met in 2012 when she was the Executive Assistant to Pastor Bill White of Christ Journey Church. From the moment we met, there was something special that I couldn't articulate. As the years passed, I realized it was the Holy Spirit working in and through both of us.

Betty has always been there to encourage, counsel, and uplift. She became a mentor to me as we worked together while she was at Glory House to promote their events in my mag. We'd have our treasured God-talks, and she'd always have a verse and insight for whatever the circumstance. I love how she walks out the Word and spurs me on towards righteousness.

A few years ago, she was an even greater resource as I was helping a friend with cancer. Betty invited me to bring her for prayer. She prayed & counseled both of us. I believe this was instrumental in my friend's healing and she is now cancer free. I thank God for Betty, her gifts and her desire to please God. She's quick to impart her biblical wisdom upon me and other women who glean from her.

Thank you, Betty, for bringing peace and hope, and for all the prayers we've had together over the years. I thank God for bringing you into my life and am here to assist, in any way I can.

Wishing you all His best in this next season.

In Him & For Him,

Tina Sayago
